Babson Discusses Productivity

(Exclusive to The NEWS)

MR. GHANDI, rest his soul, advocated a return to the spinning wheel because "machines kill jobs". Without machines, our unrivalled living standards in this country would be totally impossible.

In the last 75 years our workers have become more and more productive. Today they produce four times as much goods as they did then. When Abe Lincoln was a boy, about 79% of our productive energy was supplied by animals, 15% by humans, and 6% by mechanical means. Today only 3% is supplied by animals and 2% by humans. Whereas, the machine does 95% of our work for us!

The thought that mechanization is the root of all evil is as old fashioned as grandpa's six-shooter in an atomic age. The key to our high standard-of-living is increased character, intelligence and productivity through mechanization. The results: shorter (Continued on Page Four)

Brosnan In Race For Works Board

The deadline for filing nomination papers for town offices in the annual March election was reached last Monday afternoon at 5 o'clock, with a third candidate in the fight for the three-year term on the Board of Public Works. He is Cornelius J. Brosnan of 52 Egerton road.

Candidates who had previously filed papers for the Board of Public Works are Thomas O'Neill, present chairman of the board who will seek re-election; and Thomas R. Rawson, prominent trucking contractor.

Brosnan, a resident of East Arlington for the past 24 years, has conducted a fuel oil business in Arlington for 13 years, serving some 600 customers. Prior to that, he was in the contracting business with his brother, J. J. Brosnan, and did work for the major oil companies. He is married and the father of three children. He owns his own home. In addition to the office of Public Works member, he is also seeking election as a town meeting member.

C. of C. Hits Haste On Wage-Hour Law

The Arlington Chamber of Commerce, through its president, Arthur J. Mansfield, has sent telegrams to U. S. Senators Leverett Saltonstall and Henry Cabot Lodge, Jr., and to Congressman Edith Nourse Rogers "urgently requesting that Congressional action on raising the minimum wage be deferred until small business men have had the opportunity to be heard."

All three Representatives in Congress sent favorable replies. Senator Saltonstall, in a telegram said, "I am immediately reporting your statements regarding minimum wage to the Labor and Public Welfare Committee."

In a letter dated last Friday, Senator Lodge stated: "I have been advised that the Senate Labor and Public Welfare Committee has, as of today, come to no decision regarding hearings on this measure. I agree with you that legislation of

Two Arlington Representatives On Committees

Representative Hollis M. Gott, who has served in the State Legislature for several years, has been appointed a member of the important Committee on Taxation, as well as to the Committee on Civil Service.

State Representative Henry E. Keenan of Arlington was appointed this week by the Speaker of the House as a member of the Committee on Metropolitan Affairs and the Committee on Election Laws.

Both committees are considered among the most important and appointment of a Representative to their membership, in his first term of office, is looked upon as a high honor.

Representative Gott has also been appointed a member of the Republican State Committee from the 5th Congressional District it was learned this week.

Hudson Lines Will Extend Bus Service

As an aftermath of the State Department of Public Utility's dismissal of the MTA petition to extend its service to Arlington Village, the Hudson Bus Lines, which already has a franchise, notified the selectmen this week that it is already working on a proposed schedule to serve residents in that section.

The new schedule will be announced shortly and a trial will be made, the Hudson Bus Lines told the local board. Readjustments in the schedule may be made after a trial period. The Hudson company, at the DPU hearing, offered to provide additional service through the Appleton st. section, to Arlington Ridge and Arlington Village off the Concord turnpike.

Vote Against Closing School

Ninety-nine percent of 200 parents attending a meeting sponsored by the Junior High Centre PTA on Tuesday night voted that this school building be retained as a school for 7th, 8th and 9th grade pupils. The school may be abandoned because of its small enrollment.

The secretary was instructed to notify the school committee of the action and to request a special meeting of the school board to ascertain the position of the school board, on or before Feb. 10. The latter date was set so that the special building committee appointed to study a proposed addition to the school might then go ahead and confer with the finance committee on the matter. An article has already been inserted in the town warrant requesting an appropriation for the building of a gymnasium at this school.

Superintendent of Schools Clifford R. Hall cited attendance figures for this school and answered other questions. Mrs. Robert Strong, school committee member, was also present. Aram Sarkisian presided.

A FRIENDLY WARNING

★ About that old prescription Dr. Jones wrote for you two years ago. The bottle is on the shelf in your medicine cabinet, about one-fourth full. It would be safer for you and your family to discard it. Someone might take it by mistake, or a child may be attracted to it by the bright color and do himself harm. Many medicines deteriorate after exposure to light and air. On long standing, some compounds change their chemical structure. Yes, the safe thing to do is to throw it away. If illness again overtakes you, see your doctor. Bring his prescriptions to us for accurate compounding.

Glynn Candidate For Library Trustee

To the Editor:

I wish to announce my candidacy for the office of Library Trustee. I am seeking this office because I sincerely believe that, by virtue of my training and experience, I can be of service to Arlington in this capacity. At present, with three other terms expiring, no other nomination papers than mine have been filed. However, I understand that the present incumbents will file for re-election. This is as it should be. The election of a Library Trustee has too often been an uncontested race.

I feel that someone should be on the board who understands the needs of the Library and the book needs of Arlington. I am qualified in this respect. A graduate of Harvard and an engineer in the employ of Stone and Webster, I have used and am using the Library constantly for all sorts of projects, along with my wife and three of my children who are of school age. Our Library is excellent in many respects, but behind in some others. The specific improvements I have in mind are shared by many. I am pleased to find in my personal canvass of Arlington homes. If elected, I shall do everything in my power to realize these objectives.

I shall welcome any opportunity to discuss my views on the Library with an organization or group. Further, I should be delighted to debate the needs of the Library with any candidate anywhere at any time. I sincerely hope—for the Library's sake—for the future of the position of Library Trustee is of great importance in the life of the community.

Music and minstrels was the theme of the January meeting of Pack 20, at the Brackett School.

Under the guidance of Cubmaster Will Walker and assisted by the Den mothers and committee, the Cubs staged an old-fashioned minstrel show complete with chorus, interlocutor and end men.

All the musical numbers were well received by an appreciative audience and even the end-men's

jokes evoked a few chuckles.

One of the high spots was provided by Charley Mara, Terry McHugh and Ralph Macone, a trio of wandering minstrels from Concord. Charley's rich tenor voice drew prolonged applause and everyone was intrigued with Terry McHugh's demonstration of bones-playing, a rapidly disappearing art.

Ralph Macone proceeded to bring the house down with his renditions on a tennis racket banjo, a double-jointed clarinet, and an atomic harp.

Cubs taking part were: Robert Barney, Carl Bengston, Richard Buxton, Peter Bertocci, John Calley, David Dweilley, David Flanagan, Peter Grey, Eric Humphrey, Donald Holmstead, Kenneth Healy, Edward Hazlett, Leroy Johnston, Richard Kilroy, John Magurn, Earl Nelson, Joseph Piotte, Kenneth Riley, Ronald Reynolds, Robert Reid, Joseph Skendarian, John Storo, Peter Stalfon, Paul Thompson, Alfred Walker, Bruce Warren and Robert Warren.

Irving Lovell arranged the score and accompanied the musical numbers.

Wage-Hour Law

(Continued from Page One)

Says Veterans Affected

The Arlington Chamber of Commerce telegram to the Representatives in Congress followed receipt of the following warning from Thomas Jefferson Miley, executive vice president of the Commerce and Industry Association in New York City:

"Congress plans unwarranted speedy action on the law to raise minimum wage without even hearing the views of almost 2½ million small business men representing 98 percent of all business firms in the country. ... Raising the minimum wage could mean the death knell for the majority of small business men who are the most important segment of our national economy. ... Hundreds of thousands of veterans who started out in business at the war's end, evidently expecting full support from the nation for which they fought, could be wiped out without a chance to be heard. ... It is important and urgent to you and to all business men of America that the right to be heard be maintained."

Meanwhile, in Washington last week, Chairman Leviski of the House Labor Committee, announced the opening of hearings on a bill to revise minimum wage floors under the Wage-Hour Act.

House Democrats are reported seeking to cut hearings on this measure as short as possible in order to report out a bill in the immediate future. That would conflict with the desires of many people to be heard regarding the Wage-Hour amendments.

Senator Thomas also has given a high priority to legislation to raise the minimum wage from 40 cents to 75 cents an hour.

Details of Bill
(1) It would raise the minimum wage from its present 40 cents to 75 cents an hour, provide for industry committees to set higher minima, industry by industry, up to a dollar, but also permit their reconvening in time of "general recession" to lower them from that lofty peak back to 75.

(2) It would give the responsibility for administering the Wage-Hour Act to the Secretary of Labor (which provides some clue as to who originated the proposals) and reduce the Wage-Hour Division to a mere bureau under his control.

(3) It would extend the scope of the Act to virtually every business in the country by (a) extending coverage to "activities affecting commerce" or "competing with any activity in commerce" and (b) by drastically narrowing the present retail and service trade exemptions abolishing the first processing and area of production exemptions for agricultural processing industries in favor of a mere seasonal exemption; by slashing the scope of the motor carrier and small telephone exchange exemptions and by eliminating the minimum wage exemptions for seamen. It adds a new exemption for taxicab drivers.

(4) It would give the Secretary power to make binding regulations, and permit him to sue for employee back wages due in case of violation of the Act. If the employer pays up before suit is brought, he need not pay any liquidated damages.

(5) It would increase the two-year statute of limitations of the Portal Act to four years.

(6) It would "solve" the overtime-on-overtime situation in more detailed fashion than the much-criticized Ball bill did last year, but far less favorably to employers.

(7) It would not purport to change the Portal Act, except as noted above.

(8) It would provide a direct prohibition on the use of child labor in commerce.

George Klingler 80 Years Today

George A. Klingler, of 1245 Massachusetts Ave., will celebrate his 80th birthday today.

He has lived all his life in Arlington. He built the house at the corner of the "foot of the rocks" when he was married in 1899. He was a call fireman for Arlington 1896-1910.

He is a member of the First Methodist Church on Westminster Ave., and has been an usher for 40 years, and is now a trustee. Mr. Klingler has rarely missed a Sunday service.

A birthday party will be given by his daughter, Mrs. John E. Ronbeck. A son, Albert Klingler, has been Town Meeting member, and on the Finance Committee for many years.

Mr. Klingler is hale and hearty with a fine memory. He can remember the time "When the street cars stopped at the Center, and Massachusetts Ave. above the center was just a dirt path over which cows and pigs were driven to the Brighton slaughter houses."

Academy of Music Students Entertain Catholic Women

The students of the Arlington Academy of Music gave a musical presentation at the St. Agnes' School Hall for the Arlington Catholic Women's Club last Wednesday evening.

The conductor of the presentation was Harvey Davies, a new member of the faculty at the Academy. A male chorus opened the program. Solos were sung by Frank Gay and Phyllis Rodwell and Ernestine Cavicchi. Miss Rita Lamb was the accompanist.

Ira Pelletier played several violin solos. Leslie Hurwitz, piano soloist, included one of his own compositions in his selections. The program was varied and enjoyed by all. Chairman of the evening was Mrs. Ernest Cavicchi.

First Parish Notes

By request, Rev. John Nicol Mark will preach next Sunday on Lloyd Douglas' new novel, "The Big Fisherman". The public is invited to hear this sermon.

The teachers and officers of the Church School will be guests of the Religious Education Committee at a tea in the ladies' parlor on Sunday at 4 p.m.

The Laymen's League has completed plans for the ham, beans and apple pie supper on Saturday, Feb. 12. There will also be an entertainment. Proceeds will go to the painting fund of the church.

To Be Made Ensign

Midshipman Robert E. Ellertson, U.S.N. son of Mr. and Mrs. Olaf S. Ellertson, Jr., of 48 Lakehill Ave., will receive his Commission as an Ensign in the U. S. Navy on Saturday.

He is attached to the Air Group Three at Quonset, R. I. after receiving his Wings as a naval aviator at Jacksonville, Fla., last August.

Tower Mother's Club

The Tower Mothers' Club met on Monday evening at the home of Mrs. Bernard G. Hutchinson. Dr. Alfred Weller, Arlington pediatrician, gave a very interesting talk on modern care of infants and also discussed the plans of the new maternity-wing at the Symmes Arlington Hospital, where Dr. Weller is on the pediatric staff.

Following the business meeting refreshments were served by Mrs.

Hartwell Flemming and Mrs. Alfred Weller.

METROPOLITAN THEATRE

Party Manners for pleasant party lines

It pays to be poised. Party line neighbors are quick to respond to those who are calm and collected when they ask for the line in an emergency. By sharing courteously, everyone benefits... and party line service is smooth.

It's good to be gracious. When a series of calls must be made, it's nice to remember the others on the line by allowing time between calls. This, too, helps give all party line neighbors their fair share of service.

A NOTE to all party line users

As a general thing, party line service is good enough to meet the requirements of most party line users.

Right now, however, many people who would normally have individual service are on party lines — because this is the only way in which we could supply telephones to the thousands who have asked for new service in the past three years. We are bending every effort to speed the day when we can provide individual service — or lines with fewer parties on them — to fill all present orders.

In the meantime, won't you remember that party line service is largely what you make it. We'll do our best to handle your calls smoothly and efficiently. But, in the long run, the quality of party line service depends on a great deal on how it's used.

NEW ENGLAND TELEPHONE & TELEGRAPH CO.

It's polite to be prompt. Answering the telephone as quickly as possible shows consideration for the person who is calling. Telephoning at "off peak" hours — in the middle of the day, or evenings after 8 — is also appreciated.

THE HOUSING AUTHORITY

Because the voters of Arlington will elect a Housing Authority for the first time next month, the importance of this office is likely to be overlooked. However, it is not to be taken lightly.

For several months now, a board of four, appointed by the Selectmen, and a fifth member named by the State Housing Board, has been working on plans and specifications, as well as countless other details to pave the way for much needed veterans' housing. The present Authority has selected a site and it appears that actual construction will be started in the near future. All that has been done thus far has been accomplished without fanfare.

The law states that at the first townwide election, the Authority must be elected by the voters. The present members are all seeking re-election. In addition, four others have announced their candidacy. Whatever happens, this board should not be made a political football. The voters will have an opportunity to decide whether they want a change in the board's membership at this time. We hope it won't develop into a popularity contest.

THIRTY-NINE YEARS OF SERVICE

Beginning next Sunday, Arlington Boy Scouts, along with Scouts all over the country, will begin the observance of Boy Scout Week. As it is fitting, special church services, which Scouts will attend in uniform, will launch the week's activities.

For the past 39 years, our country has been enriched by the existence of the Boy Scouts of America. This thriving movement has affected the lives of more than 15,500,000 boys and men who have, in turn, contributed to the general welfare of our all.

Take time out during Boy Scout Week, which marks the 39th Birthday of the Boy Scouts of America, to observe in action the theme, "Adventure—that's Scouting!" and see its far-reaching effects. Community service projects, emergency service training, safety education, and conservation practices—all of these challenging activities are undertaken by the Boy Scouts of America.

Institutions which sponsor Boy Scout troops have found many advantages in giving their boys Scouting opportunities. It enables them to add a program of youth-centered character and citizenship activities, under the general auspices and atmosphere of the institution. This

tends to strengthen the loyalties of youth toward the institution. All this brings benefits for the whole community, and stimulating satisfaction for our boys.

"Adventure—that's Scouting" is a phrase—with meaning—for all of us!

working hours, more take-home pay, vacation with pay, social security, and a standard-of-living that has Joe Stalin scared to death.

Conditions Favoring Growth

In order for any of God's creatures—plants, animals, or humans—to prosper and develop fully, they need the right environment and the right food. Industrial America burst into bud and blossomed forth in the last one hundred years because it had the right food and the right environment. Surely, we have abundant resources; but so has Russia. What we have had that Russia has lacked has been a religious, political and economic environment which encouraged risk taking. This combined system has encouraged and made possible the venture capital to harness the mechanical energy which put money and men to work.

Don't blame the next depression on machines. Blame it on men. The machines are working all right. All they need is a constant tuning up in keeping with the times. But both the men owning and those operating these machines must constantly work for the good of the world as a whole and not for any one selfish group.

Increased Productivity Needed

There is as great a need for capital investment today as there was when I was a boy. We could readily invest fifty billion dollars over the next decade in industrial modernization. We need to put another fifty billion into housing in order to bring our housing program up to decent standards. We could easily use many billions for streets and highways. There is certainly a need, therefore, for increased savings. These are possible only with lower taxes.

Projected studies indicate that future income will be quite adequate to absorb increased production schedules. In order, therefore, to increase our production capacity, we need considerably more venture capital. By 1950-55, our consumer market will be better than double 1929's—or, after taxes and savings, about one hundred and fifteen to one hundred and twenty billion left to spend. The money is, therefore, there for goods and services. The resources are there. Why, therefore, do we hesitate?

Venture capital is being scared away. The outlook for profits is uncertain. Investors are timid. They fear an unfair deal by Congress. Spotty capital investment contributes to retard production and cause unemployment. Only with fair taxes, fair wages and fair profits, is it possible to plow back into the business sufficient funds to keep new construction and current production rising and to cause costs to go down. If our great America is to forge ahead, we need to create the proper environment for its growth. This means encouraging venture capital—not taxing it to death. Let us hope that President Truman realizes this basic economic fact.

COLD DOG!

Three police cruiser cars and a piece of fire apparatus sped to the Mystic Lakes Friday afternoon after an excited woman telephoned the police and reported a boy had fallen through the ice, off 441 Mystic st.

Investigation disclosed that a dog had fallen through, and not a boy. Outside of an ice cold bath, the dog seemed none the worse for his experience.

The NEWS OBSERVES

The Symmes Arlington Hospital is on the latest list of approved hospitals as accepted by the American College of Surgeons in its 31st annual hospital standardization report.

Announcement that Governor Paul A. Dever will be the guest speaker at the dinner meeting of the Arlington Chamber of Commerce on March 24 is creating interest locally and many are already making plans to hear the new Governor on his first appearance in Arlington since his election to that office.

The Board of Selectmen has received many compliments on the re-decorating of the meeting hall and headquarters of the Arlington post 1775, V. F. W., in the Old Town Hall building. This week the board received a letter of thanks from Commander Charles J. Sheehan of the V. F. W., on a job well done. . . . Incidentally, comments on the new waiting room for commuters, in this same building, have been favorable too. . . . In view of the past week's stormy weather the opening of the waiting room was timely.

Speaking of shelters, we note that efforts will be renewed at the annual town meeting to have a shelter erected at the Heights standpipe.

The Massachusetts state flag will be borne in procession with the national colors in observance of Massachusetts Sunday at Washington Cathedral on Sunday. The Very Rev. John W. Suter, dean of the cathedral, invites all Massachusetts residents of the greater Washington community to attend the morning or afternoon service, and join in the prayers for the government and people of their state, remembering also who served in our country's wars.

With building now in progress on the southern arm of the cruciform cathedral, nationwide interest in completion of the great shrine is reawakened. It is within the south transept that the War Memorial Chapel, to enshrine the only known National Roll of Honor, is being erected. Tens of thousands of servicemen and women, representing every state, and every conflict in which the United States has engaged, are already enrolled. Stones being used in the construction have been given in memory of servicemen and women.

Observance during the month of February will have an important significance for at least two of the 42,000 postoffices in the United States. Each year the postoffice at Valentine, Nebraska, receives thousands of cards and letters to be postmarked with that distinctive town name and to receive the famous heart-shaped cachet impression placed on these envelopes by the postoffice. Demands from all parts

of this country and from many foreign countries are already coming in and with Valentine's Day, Feb. 14, rapidly approaching, the postal clerks at Valentine are really busy preparing these love missives.

Persons in and around Greater Boston anxious to secure this postmark and cachet should send their addressed envelopes and remittance to cover cost of postage stamps to be affixed to the Postmaster, Valentine, Nebraska, along with request that same be postmarked and cachet supplied. It is recommended that personal checks be not sent.

On Feb. 22, Washington's Birthday, the little one-room postoffice at Washington's Birthplace, Virginia, takes on national importance. Actually, the mail address is Washington's Birthplace, Virginia. The postoffice was first established in the basement of the famous "Memorial Mansion" and in 1936 it was moved to the tiny one-room building it now occupies.

Here is how you may obtain the very unique cachet supplied by this postoffice at the distinctive postmark to commemorate Washington's Birthday. Prepare as many covers as desired with address for delivery on each. With these envelopes enclose a remittance to cover postage for return of covers, either 3c each by ordinary mail or 6 cents each for return by air mail. Send them to Postmaster, Washington's Birthplace, Virginia, with request for postmark and cachet and the date you wish them placed in the mails.

No Auto Accidents Here Despite Icy Conditions Following Storm

A heavy snowfall on Monday, followed by a driving rain in the afternoon, turned streets into ankle-deep slush by the time Arlingtonians returned home after work.

Many of the side-streets were not plowed until late in the evening, with the result that conditions were the worst experienced thus far this winter. Truck and tractor plows were kept busy all night clearing streets of the rain-packed snow and home owners who delayed clearing their driveway entrances immediately after the plows went through the streets, found a frozen mound in front of their homes Tuesday morning.

Melting conditions, followed by a sharp drop in the temperature, covered streets with ice on Tuesday, adding to the hazard for pedestrians and motorists. Sand trucks were sent out as soon as possible. This, combined with caution exercised by motorists, resulted in a record of not one auto accident in Arlington during or immediately following the storm.

Some motorists were not altogether thoughtful, however, and about 8 o'clock Monday night the Public Works Board had to request the police department to

have owners of autos parked on streets remove their cars so that plows could go through. Principal offenders were in the Brackett School and Morningside sections. Officials have repeatedly requested that cars be kept off streets until they are plowed.

Clear weather later in the week assisted the Public Works Department in clearing the business section of snow with snow loaders. Sidewalk tractor-plows speeded up this work considerably.

"Drive slow — in sleet or snow."

As snow plows and crews battled drifting snow on Monday, Chief of Police Archie F. Bullock warned motorists of the increased hazards in driving brought about by poor visibility and snow covered streets.

Chief Bullock urged that all drivers check their windshield wipers, defroster and headlights to be sure they are in good operating condition, because reduced visibility greatly increases the chances of a collision. "Also," he added, "put on your anti-skid chains. These not only provide traction to keep from getting stalled, but reduce braking distances for cars and trucks from 40 to 70 per cent on snow and ice."

To prevent undue delay in clearing the streets of snow, the Chief also warned against parking on the streets and obstructing snow plows. Inconsiderate parking during a snowstorm can cause delay and trouble for hundreds of other people, he warned.

Legion Auxiliary

The next meeting of the American Legion Auxiliary will be held in Legion Hall, Monday.

On Thursday at 8 p.m. there will be a bridge and whist party at the home of Mrs. Rose Forest, 12 Lewis ave. Co-chairmen will be Mrs. Lillian Buckley and Mrs. Grace Lax.

The Young Peoples' Fellowship of St. John's Church will hold an old fashioned barn dance Saturday evening at 8.

ZONING HEARING

In accordance with the provisions of the Zoning By-Law a public hearing will be held in the hearing room of the Robbins Memorial Town Hall, Arlington, Massachusetts, at 8:00 P. M. on Thursday, February 24, 1949, to consider the following proposed change in the said Zoning By-Law:

"To see if the Town will amend its zoning by-law by altering the zoning map therein referred to so as to include in the Business A District all or any part of the area now included in the Residence B District, bounded as follows:

Beginning at a point on the southeasterly side line of Bartlett Avenue, said point being located 224.75 feet southwesterly of the point of intersection of said southeasterly side line of Bartlett Avenue and the southeasterly side line of Massachusetts Avenue, thence southeasterly through private lands a distance of 152.50 feet to a point on the southeasterly boundary line of the First National Stores a distance of 140.00 feet to a point on the southeasterly side line of Bartlett Avenue, thence northeasterly on said southeasterly side line of Bartlett Avenue a distance of 140.00 feet to the point of beginning as shown on a plan entitled, "Plot of Land at Mass. Ave. and Bartlett Ave., Arlington, Mass., showing additional parking area, scale 1"=20'-0". Dec. 28, 1948."

Next Sunday the Class will observe Boy Scout Sunday. The program will be under the direction of Charles W. Clark, chairman of the Boy Scout committee, with members of Troop #6 participating. Mr. Wood will present his second in his "Life of Christ" series on "Christ's Baptism and Temptation". This will be augmented by a short talk on the importance of Boy Scout work in the community. Do Better Hams Weigh Less?

Why? Big hams, weighing 20 lbs. or over, usually have more fat — bigger, heavier bones — waste you normally pay for! That's why First National Stores buy hams weighing only 12 to 16 pounds. That's why First National ham gives you more juicy, succulent eating for your money!

Mrs. Hamlet Is Elected President Of Arlington Social Service League

The annual meeting of the Arlington Social Service League was held Friday in the Robbins Library Hall. The treasurer's report was read by Mrs. M. F. Morrissey, and the executive secretary, Miss Mary Greene gave her report of the year's work.

The following officers were elected: Mrs. Russell Hamlet, president; Mrs. Miller Laxman, vice-president; Mrs. Henry O. Lance, recording secretary; Mrs. Maurice P. King, corresponding secretary; Mrs. M. F. Morrissey, treasurer. The following were elected to the executive board for two years: Rev. Warren N. Bixby, J. Howard Hayes, Richard Stimpson and Mrs. Robert C. Strong, Jr.

Dr. Thaddeus Krush, director of Children's Services at the Metropolitan State Hospital, was the guest speaker. Dr. Krush gave a very interesting talk tracing the development of the work of the Children's Services since it was established in 1945 by the Department of Mental Health. He said the demands for care of psychotic children had exceeded all expectations and had outgrown facilities available at the hospital. These children often must be returned to the community before they are ready and the facilities for outpatient care are not sufficient to carry on their treatment. He made

certain former public employees who have been retired and to beneficiaries of certain retired public employees.

The town meeting members will be asked to amend the Town Laws by adopting a plan classifying any or all town employees, except those employed by the School Committee, into groups doing substantially similar work. It is understood that this includes adjustment of salaries and wages.

At the request of a group of voters, the town meeting will be asked to accept a Legislative Act authorizing a 40-hour week for certain employees. This would affect public works employees, office workers already being on a five-day week schedule.

Another article calls for budget appropriations for all town departments. Appropriations for the extension of the sewerage system, water mains and storm drains and sidewalks and edgelines will be requested by the Board of Public Works.

The Joint Board will ask an appropriation for the bituminous concrete surfacing of sections of Massachusetts ave., Broadway or Lake st., to be used with any funds that may be allotted by the state and county.

An appropriation will also be requested for the construction of a new field house at the Warren A. Peirce Field. The school committee and park commissioners will ask an appropriation for a new field house at the Warren A. Peirce Field.

The Cemetery Commissioners will ask an appropriation of \$275 for a metal flagpole in Mt. Pleasant Cemetery as a memorial to the those who served in the armed forces.

Under Article 26, the Committee on Study of Town Government will ask the town meeting to act on its report and to decide whether or not the Town will authorize the Selectmen to petition the General Court for legislation necessary to authorize the Board of Selectmen to be increased from three to five members, and to have the Board of Selectmen act as a Board of Public Works exercising the powers of surveyors of highways, road commissioners, water commissioners, sewer commissioners, tree warden and board of public survey; to authorize the board to appoint an executive officer; and to abolish the Board of Public Works and Tree Warden, all substantially in accordance with the report of the special committee.

The Planning Board will request an appropriation of \$2000 to make a study of the Arlington Centre area.

A group of voters will request the Selectmen to revise the town's voting precincts.

The public works board will seek the appointment of a committee to study a method for the disposal of rubbish collected by the town, also the appointment of a committee to investigate the advisability of utilizing for some beneficial municipal purpose the land known as Fowles Pond, south of Summer st.

Propose Brick Shelter
A group of voters will request that town land at Park circle be conveyed to the MDC for the purpose of erecting a brick shelter to be used as a waiting room at the bus stop there.

Another group of voters will request the reappointment of a committee to consider a suitable war memorial building.

It will be proposed that the Summer st. playground be named the Daniel P. Barry Playground in honor of the late police lieutenant who devoted much of his time and effort to youth work.

An appropriation of \$3500 to provide adequate Christmas lighting at the Heights, Centre and East Arlington, in conjunction with the efforts of the Arlington Chamber of Commerce, will be sought.

A group of voters will ask that the Lt. Stanley G. Benner Detachment, Marine Corps League be given authority to erect a tablet in memory of all Marines from Arlington who died in the Service, on Park property.

Engagement Party

An engagement party honoring Miss Doris L. Anderson of Arlington and her fiancé, John J. Meagher, Jr., of West Medford, was held on Saturday afternoon at the new home of Mr. and Mrs. Paul E. Snyder, Follen Hill, Lexington.

Mrs. Snyder, sister to Miss Anderson, was hostess, assisted by her young daughter, Miss Joan Snyder, as junior hostess. Pourers were Miss Helen Styles of Arlington and Mrs. Lawrence Kiely, Jr., of Woodbury, N. J., assisted by Miss Jane Shakespeare of Boston.

Hawaii Is Theme of Women's Meeting

The Association of Universalist Women met recently at the home of Mrs. Robert M. Rice. Hawaii was the theme with appropriate readings, a talk and display of souvenirs by Miss Marion Mead.

Refreshments included fruit served Hawaiian style. Miss Dorothy Etz, who spent considerable time last Summer in a camp for displaced children in France, told of her experiences in that country and in Holland. She also showed many pictures.

Robbins Library Reports 10,326 Increase in Circulation of Books

Despite the fact that the Robbins Library and its branches have been understaffed, there has been a decided gain in the home use of books and in the use of the main building by many groups which represent civic, musical and educational interests, the board of trustees point out in their report for the year ending Dec. 31, 1948.

Mrs. Lucinda F. Spofford, librarian, in her report, shows that 239,317 books were in circulation last year, a net gain of 14,224. The main library showed the greatest gain, with 10,326. A total of 3230 books were loaned to libraries set up in four Arlington schools and indications are that this service may be expanded. At present, each school has a deposit library of 600 books. Almost 1000 books were loaned to patients at the Symmes Hospital.

The reference work and finding of books for students in connection with their school work has increased noticeably, according to Mrs. Spofford.

The library has 80,821 books at present. Book Week exhibits, visits to playgrounds, the Everyland Club at two branches during the summer and special exhibits of hobbies, etc., are among the special activities listed in the annual report.

Because of marriage and family responsibilities, the library has been obliged to operate without the services of a full-time cataloguer and has had to depend on trained married women who previously were on the library staff.

Arlington Belts Brookline, 39-15

Arlington High's basketball team overwhelmed Brookline, 39-15, in a Suburban League game at the local gym on Friday afternoon. The summary:

Kennedy was high scorer with 14 points while Bud Strout was runner-up with 11. Others in the lineup were Cosgrove, Keneally, Peterson, DeRosa, Bowler and Donnelly.

RECEPTION TO NEW MEMBERS

Next Sunday evening at 7:00, a reception will be tendered to all the people who have joined the Trinity Baptist Church during the Ministry of Rev. Lewis W. Williamson.

An invitation is extended to all old and new members, and friends of Trinity.

Arlington Edges Medford, 3 to 2, In Playoff Game

Arlington High's hockey team retained its three-point margin over Medford Saturday afternoon when it edged Medford, 3-2, in the first round of the G.B.I. league playoffs before 4350 at the Boston Garden.

The Mustangs proved stubborn and gave the Red and Gray sextet a scare as Bob Walker, Medford net-minder did a standout job, despite weak defensive support.

Capt. Bill Leary of Arlington added another score to his impressive season total in the middle period when two Medford defensemen fell to the ice as Leary skated around them to score from a few feet out. Meehan and Robson were the other Arlington scorers.

Arlington has only to win one of its two remaining games with Melrose and Belmont to clinch the league title, having won all of its games, with one tie, to date.

ARLINGTON—G. Campbell; rd. Emery; ld. Emmons; c. Leary; rd. Meehan; lw. Robson.

MEDFORD—G. Walker; rd. Terrill; ld. Lister; c. Power; rd. Cronin; lw. Torpeter.

WATER'S FINE—Shown at the Somerville Y. M. C. A. swimming pool are some of the 40 Arlington High School girls who attend weekly swim classes sponsored by the Arlington Park Department. The girls receive swimming instructions from Myles McNally every Tuesday afternoon. The program was arranged by park superintendent Daniel McFadden, with the cooperation of the Misses McCarthy and Garrity of the school's physical education department. So popular are the classes that there is a waiting list.

Archbishop Cushing Would Delay Building New Parish School

Archbishop Richard J. Cushing told members of St. James' parish during his visitation talk at all four masses on Sunday that he is in favor of going ahead with the building of a new elementary school, but he deemed it wise to mark time in view of the current high cost of building. He questioned the wisdom of placing too great a financial burden on the parishioners.

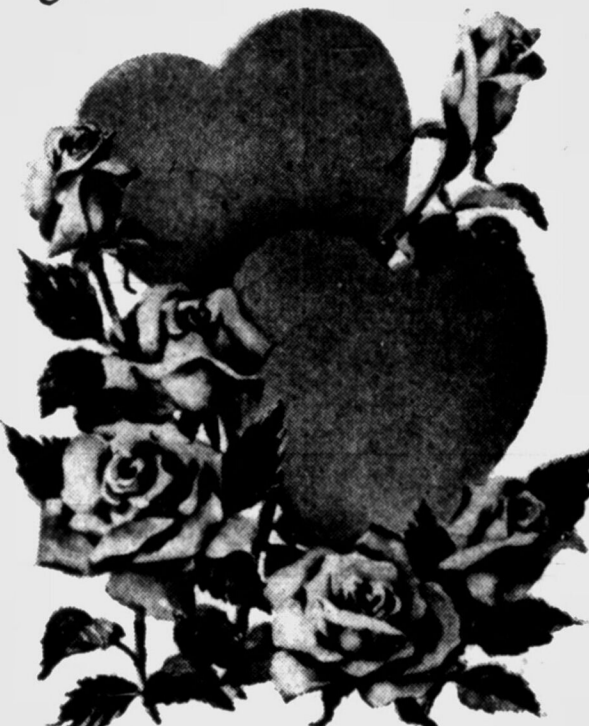

He also pointed out that no parish now can afford a high school of its own and, consequently, he lauded the idea of central high schools serving several parishes, such as the new Fr. Matignon High School in North Cambridge and the new central high school which will be built in Braintree this year to serve South Shore parishes.

He reviewed some of the Catholic charities which he had encouraged since succeeding the late Cardinal O'Connell and singled out the rebuilding of the Carney Hospital as a current major project.

The head of the Boston archdiocese assisted the priest of the parish in distributing Holy Communion and addressed the children of the parish informally after the 8:30 mass.

The previous evening, Archbishop Cushing had addressed a gathering in New York City and on Sunday night he was one of the speakers at a testimonial dinner to former Secretary of State Frederic W. Cook in Boston.
